# SURVIVOR'S OBLIGATION

by Chris Stricklin and Joel Neeb

*Two stories of survival that will inspire  
and encourage you to make the most of each day.*

Chris ejected from the F-16 he was piloting during an air show.  
“The decision [to eject] would change my life and priorities forever.”

Joel survived stage IV appendix cancer.  
“I didn't want my new life to become like my old one.”

In this award-winning memoir, two men share the near-death experiences that transformed their lives and how their journey of healing is enriched by fulfilling what they call *survivor's obligation*—a responsibility to live an intentional life. Each day, they live out their purpose—for themselves and their families, and in honor of all those who didn't get a second chance.

... for anyone traveling  
the unpredictable path of life.

—Lee Woodruff, coauthor, *New York Times* bestseller *In an Instant*

... will definitely change your perspective  
... A must read!

—Susan Hendricks, anchor, CNN Headline News
