

Memory Box Coloring & Activity Page

A memory box is a place to keep photos and other *mementos* that help you remember special people, events, and stories about your life experiences. If you move to a new home, you can bring your memory box with you and share your special memories and stories with new friends.

- ★ Draw and color or glue pictures to fill the inside of the memory box with reminders of your special memories.
- ★ Color the memory box and write your name on it.
- ★ Tell a friend about one of your memories.
- ★ Ask an adult to help you create your own unique memory box. Collect items for your memory box that remind you of your favorite memories!
